I'm an open source developer and designer living in

```
<article>
    <p>I'm an <a href="http://en.wikipedia.org/wiki/Open-source_software"
target="_blank">open source</a> developer and designer living in Oakland,
California. Far, far away from my <a
href="http://en.wikipedia.org/wiki/Central_Georgia" target="_blank">East Coast US
roots</a>. I work at <a href="http://www.github.com/about"
target="_blank">GitHub</a>, mentor at programming events (<a
href="http://www.nodeschool.io">NodeSchool.io</a>, <a
href="https://github.com/blog/1805-patchwork-night"
target="_blank">Patchwork</a>) and do some conferences, too.</p>
    <p> Previously I was an <a
href="http://www.bostonredevelopmentauthority.org" target="_blank">urban
designer</a>, but the call of the wild open tech world would win me over.</p>
</article>

y from my East Coast US

at programming events

d do some conferences,

Previously I was an urban designer, but the call of the wild

open tech world would win me over.
